

Super Bug Zapper - User Guide

Objective

Kill all bacteria before two of them grow too large!

How to Play

- **Click** on a bacteria to kill it instantly
- Bacteria grow continuously from the edge of the white disk
- 5 to 10 bacteria spawn in random positions with different colors

Scoring

- **Player gains:** +1 point for each bacteria killed
- **Game gains:** +0.5 points per second (delay penalty)
- **Game gains:** +5 points when a bacteria reaches threshold size

Win/Lose Conditions

- **You WIN:** Kill all bacteria before 2 reach threshold size
- **You LOSE:** If 2 or more bacteria grow to threshold size

Tips

- Click quickly - the game gains points while you wait!
- Prioritize larger bacteria that are close to threshold
- Watch for bacteria on opposite sides of the disk
