

Game gains: 0

Player gains: 0

This shows the start of a round where five bacteria have spawned at the edge of the disk, and both the player and game scores are at zero.

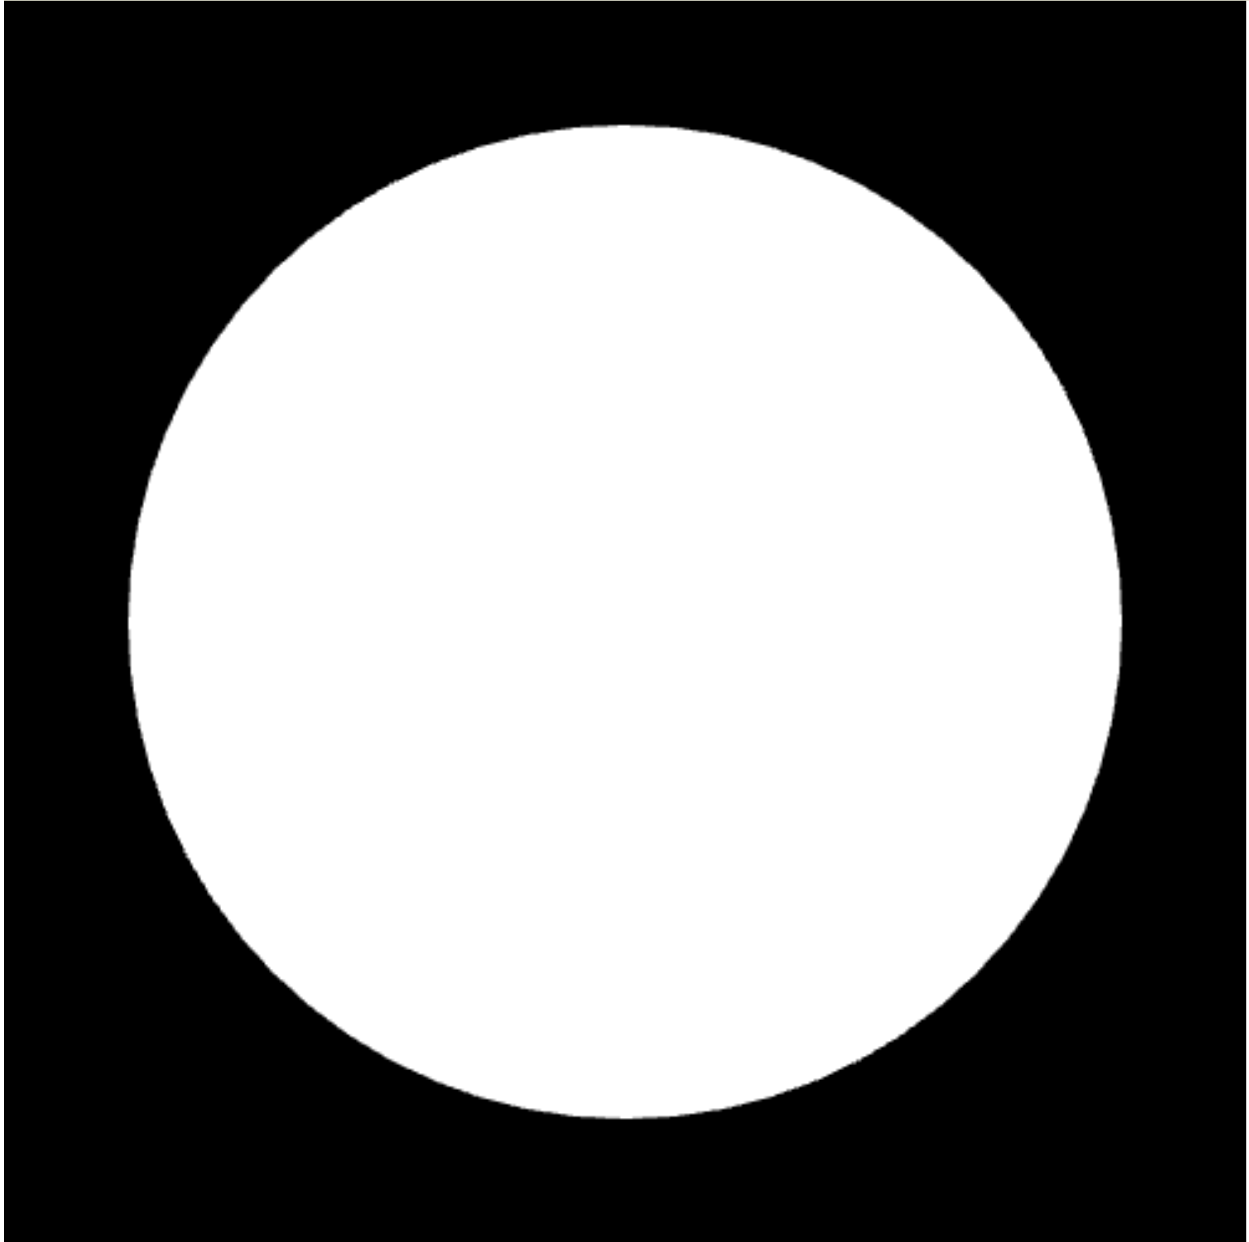

Game gains: 22

Player gains: 2

You lose!

The player lost because at least two bacteria grew to the threshold size, resulting in a high "Game gains" score of 22.

Game gains: 2

Player gains: 5

You win!

The player won by quickly clicking and killing all five bacteria before two of them could reach the threshold size.
